

REMARKS

In connection with the above-identified application, Applicants respectfully request entry of the foregoing amendment to the specification for the purpose of properly corresponding the section with the corrected drawing figures submitted concurrently herewith.

Correction of the original drawings to include proper labeling under 37 CFR 1.84(h) was required in the Notice of Draftsperson's Patent drawing review dated May 11, 2004, and the foregoing amendment to the specification merely corresponds the text therein to the corrected formal drawings.

No new matter has been added and Applicants respectfully submit that the present amendment is properly enterable at this time.

Respectfully submitted,
